PASCAL SENDER

(b. 1988, Locarno, Switzerland)

Currently lives and works between London and Düsseldorf.

Pascal Sender studied at Kunstakademie Düsseldorf under Peter Doig before moving to London to study at the Royal Academy School. Sender paints complex studies of the human figure and everyday scenes of contemporary living - a receptionist on her phone, an oiled-up bodybuilder posing for a selfie, a man waiting for a bus. Besides being masterful paintings, Sender has created an innovation so that the pictures can be viewed in Augmented Reality. He has hand coded an app, so that when viewing his paintings through your phone camera, another digital perspective is revealed. The paintings jump off the canvas appearing as three-dimensional forms, his characters moving and interacting with the viewer. This breakthrough in new media art presents a unique reflection of modern life.
